EDUCATION.

HeKa lab (INRIA, INSERM, Université Paris Cité) & Epiconcept, Paris

Ph.D in Imaging Deep Learning applied to breast cancer mammography—DEEP.PISTE project—degree expected in 2026.

ENSAE, Paris Polytechnic Institute, Palaiseau (France)

Master of Statistical Learning (DSSA)—2023.

HEC Paris, Jouy-en-Josas (France)

Master of management—2022.

PUBLICATIONS.

Peer-Reviewed Articles

Jemellen, E., Orchard, F., Madie, W. et al. *Evaluating breast cancer screening performance without registries using medico-administrative data*. Sci Rep 15, 25096 (2025).
<https://doi.org/10.1038/s41598-025-10115-w>.

Workshop papers

Jemellen, E., Orchard, F., Katsahian, S. et al. *Beyond Accuracy: Controlling Broad Error Types in Selective Classification*—accepted at the AISTATS 2026 workshop on Uncertainty Calibration—online release expected in Spring 2026.

Benyamina, L. and Jemellen, E. *Where to Drop: Tuning Monte Carlo Dropout for Uncertainty Calibration in Image Classification*—accepted at the AISTATS 2026 workshop on Uncertainty Calibration—online release expected in Spring 2026.

TEACHING.

French preparatory classes for the “Grandes Écoles” (CPGE)—Collège Stanislas, Paris

2nd year oral examiner and grader in mathematics—2018-2026.

Université Paris Cité, Paris

Part-time lecturer in Machine Learning—2025-2026.

PROFESSIONAL EXPERIENCE.

HEKA Team (INRIA, INSERM, Université Paris Cité)

Research internship (6 months)—Survival analysis of clinical time series, applied to weekly ventilator management for patients with Acute Respiratory Distress Syndrome (ARDS) in ICU—2023.

Sanofi R&D, Chilly-Mazarin (France) and Frankfurt (Germany)

Research internship (6 months)—Endotype discovery with genomics datasets in early clinical trials—2022.

Sanofi Pasteur, Lyon (France)

Research internship (6 months)—Prediction of post-covid endemic vaccines demand using massive flight tickets redirects databases—2021.

CODING SKILLS. Python, PyTorch, R; professional experience with Linux, macOS, and Windows; proficient in command-line environments.

SPOKEN LANGUAGES. French (native), English (professional capacity), Spanish (professional capacity), Japanese (beginner!).

SOME HOBBIES. Competitive road cycling (true amateur), classical guitar, gaming, pastry.
